 ▶ **Give Form W-4 to your employer.**
 ▶ **Your withholding is subject to review by the IRS.**

2020

Step 1: Enter Personal Information	(a) First name and middle initial	Last name	(b) Social security number
	Address		▶ Does your name match the name on your social security card? If not, to ensure you get credit for your earnings, contact SSA at 800-772-1213 or go to www.ssa.gov .
	City or town, state, and ZIP code		
	(c) <input type="checkbox"/> Single or Married filing separately <input type="checkbox"/> Married filing jointly (or Qualifying widow(er)) <input type="checkbox"/> Head of household (Check only if you're unmarried and pay more than half the costs of keeping up a home for yourself and a qualifying individual.)		

Complete Steps 2–4 ONLY if they apply to you; otherwise, skip to Step 5. See page 2 for more information on each step, who can claim exemption from withholding, when to use the online estimator, and privacy.

Step 2: Multiple Jobs or Spouse Works

Complete this step if you (1) hold more than one job at a time, or (2) are married filing jointly and your spouse also works. The correct amount of withholding depends on income earned from all of these jobs.

Do **only one** of the following.

(a) Use the estimator at www.irs.gov/W4App for most accurate withholding for this step (and Steps 3–4); **or**

(b) Use the Multiple Jobs Worksheet on page 3 and enter the result in Step 4(c) below for roughly accurate withholding; **or**

(c) If there are only two jobs total, you may check this box. Do the same on Form W-4 for the other job. This option is accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld ▶

TIP: To be accurate, submit a 2020 Form W-4 for all other jobs. If you (or your spouse) have self-employment income, including as an independent contractor, use the estimator.

Complete Steps 3–4(b) on Form W-4 for only ONE of these jobs. Leave those steps blank for the other jobs. (Your withholding will be most accurate if you complete Steps 3–4(b) on the Form W-4 for the highest paying job.)

Step 3: Claim Dependents	If your income will be \$200,000 or less (\$400,000 or less if married filing jointly): Multiply the number of qualifying children under age 17 by \$2,000 ▶ \$ _____ Multiply the number of other dependents by \$500 ▶ \$ _____ Add the amounts above and enter the total here	3	\$
Step 4 (optional): Other Adjustments	(a) Other income (not from jobs). If you want tax withheld for other income you expect this year that won't have withholding, enter the amount of other income here. This may include interest, dividends, and retirement income	4(a)	\$
	(b) Deductions. If you expect to claim deductions other than the standard deduction and want to reduce your withholding, use the Deductions Worksheet on page 3 and enter the result here	4(b)	\$

General Instructions

Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to www.irs.gov/FormW4.

Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505.

Exemption from withholding. You may claim exemption from withholding for 2020 if you meet both of the following conditions: you had no federal income tax liability in 2019 and you expect to have no federal income tax liability in 2020. You had no federal income tax liability in 2019 if (1) your total tax on line 16 on your 2019 Form 1040 or 1040-SR is zero (or less than the sum of lines 18a, 18b, and 18c), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2020 tax return. To claim exemption from withholding, certify that you meet both of the conditions above by writing "Exempt" on Form W-4 in the space below Step 4(c). Then, complete Steps 1a, 1b, and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 16, 2021.

Your privacy. If you prefer to limit information provided in Steps 2 through 4, use the online estimator, which will also increase accuracy.

As an alternative to the estimator: if you have concerns with Step 2(c), you may choose Step 2(b); if you have concerns with Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c). If this is the only job in your household, you may instead check the box in Step 2(c), which will increase your withholding and significantly reduce your paycheck (often by thousands of dollars over the year).

When to use the estimator. Consider using the estimator at www.irs.gov/W4App if you:

1. Expect to work only part of the year;
2. Have dividend or capital gain income, or are subject to additional taxes, such as the additional Medicare tax;
3. Have self-employment income (see below); or
4. Prefer the most accurate withholding for multiple job situations.

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay these taxes through withholding from your wages, use the estimator at www.irs.gov/W4App to figure the amount to have withheld.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work.

Option (a) most accurately calculates the additional tax you need to have withheld, while option (b) does so with a little less accuracy.

If you (and your spouse) have a total of only two jobs, you may instead check the box in option (c). The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is roughly accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount will be larger the greater the difference in pay is between the two jobs.

Multiple jobs. Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form W-4 for the highest paying job.

Step 3. Step 3 of Form W-4 provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 972, Child Tax Credit and Credit for Other Dependents. You can also include **other tax credits** in this step, such as education tax credits and the foreign tax credit. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

Step 4 (optional).

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 5, if you expect to claim deductions other than the basic standard deduction on your 2020 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for student loan interest and IRAs.

Step 4(c). Enter in this step any additional tax you want withheld from your pay **each pay period**, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe.

Step 2(b) – Multiple Jobs Worksheet (Keep for your records.)

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on only ONE Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job.

Note: If more than one job has annual wages of more than \$120,000 or there are more than three jobs, see Pub. 505 for additional tables; or, you can use the online withholding estimator at www.irs.gov/W4App.

- 1 Two jobs. If you have two jobs or you're married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 4. Using the "Higher Paying Job" row and the "Lower Paying Job" column, find the value at the intersection of the two household salaries and enter that value on line 1. Then, skip to line 3. 1 \$
2 Three jobs. If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.
a Find the amount from the appropriate table on page 4 using the annual wages from the highest paying job in the "Higher Paying Job" row and the annual wages for your next highest paying job in the "Lower Paying Job" column. Find the value at the intersection of the two household salaries and enter that value on line 2a. 2a \$
b Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the "Higher Paying Job" row and use the annual wages for your third job in the "Lower Paying Job" column to find the amount from the appropriate table on page 4 and enter this amount on line 2b. 2b \$
c Add the amounts from lines 2a and 2b and enter the result on line 2c. 2c \$
3 Enter the number of pay periods per year for the highest paying job. For example, if that job pays weekly, enter 52; if it pays every other week, enter 26; if it pays monthly, enter 12, etc. 3
4 Divide the annual amount on line 1 or line 2c by the number of pay periods on line 3. Enter this amount here and in Step 4(c) of Form W-4 for the highest paying job (along with any other additional amount you want withheld). 4 \$

Step 4(b) – Deductions Worksheet (Keep for your records.)

- 1 Enter an estimate of your 2020 itemized deductions (from Schedule A (Form 1040 or 1040-SR)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 10% of your income. 1 \$
2 Enter: { \$24,800 if you're married filing jointly or qualifying widow(er); \$18,650 if you're head of household; \$12,400 if you're single or married filing separately } 2 \$
3 If line 1 is greater than line 2, subtract line 2 from line 1. If line 2 is greater than line 1, enter "-0-". 3 \$
4 Enter an estimate of your student loan interest, deductible IRA contributions, and certain other adjustments (from Schedule 1 (Form 1040 or 1040-SR)). See Pub. 505 for more information. 4 \$
5 Add lines 3 and 4. Enter the result here and in Step 4(b) of Form W-4. 5 \$

**MARYLAND
FORM
MW507**

Purpose. Complete Form MW507 so that your employer can withhold the correct Maryland income tax from your pay. Consider completing a new Form MW507 each year and when your personal or financial situation changes.

Basic Instructions. Enter on line 1 below, the number of personal exemptions you will claim on your tax return. However, if you wish to claim more exemptions, or if your adjusted gross income will be more than \$100,000 if you are filing single or married filing separately (\$150,000, if you are filing jointly or as head of household), you must complete the Personal Exemption Worksheet on page 2. Complete the Personal Exemption Worksheet on page 2 to further adjust your Maryland withholding based on itemized deductions, and certain other expenses that exceed your standard deduction and are not being claimed at another job or by your spouse. However, you may claim fewer (or zero) exemptions.

Additional withholding per pay period under agreement with employer. If you are not having enough tax withheld, you may ask your employer to withhold more by entering an additional amount on line 2.

Exemption from withholding. You may be entitled to claim an exemption from the withholding of Maryland income tax if:

- a. Last year you did not owe any Maryland Income tax and had a right to a full refund of any tax withheld; AND,
- b. This year you do not expect to owe any Maryland income tax and expect to have a right to a full refund of all income tax withheld.

If you are eligible to claim this exemption, complete Line 3 and your employer will not withhold Maryland income tax from your wages.

Students and Seasonal Employees whose annual income will be below the minimum filing requirements should claim exemption from withholding. This provides more income throughout the year and avoids the necessity of filing a Maryland income tax return.

Certification of nonresidence in the State of Maryland. Complete Line 4. This line is to be completed by residents of the District of Columbia, Virginia or West Virginia who are employed in Maryland and who do not maintain a place of abode in Maryland for 183 days or more.

Residents of Pennsylvania who are employed in Maryland and who do not maintain a place of abode in Maryland for 183 days or more, should complete line 5 to exempt themselves from the state portion of the withholding tax. These employees are still liable for withholding tax at the rate in effect for the Maryland county in which they are employed, unless they qualify for an exemption on either line 6 or line 7. Pennsylvania residents of York and Adams counties may claim an exemption from the local withholding tax by completing line 6. Pennsylvania residents living in other local jurisdictions which do not impose an earnings or income tax on Maryland residents may claim an exemption by completing line 7. Employees qualifying for exemption under 6 or 7, should also write "EXEMPT" on line 4.

Line 4 is **NOT** to be used by residents of other states who are working in Maryland, because such persons are liable for Maryland income tax and withholding from

their wages is required.

If you are domiciled in the District of Columbia, Pennsylvania or Virginia and maintain a place of abode in Maryland for 183 days or more, you become a statutory resident of Maryland and you are required to file a resident return with Maryland reporting your total income. You must apply to your domicile state for any tax credit to which you may be entitled under the reciprocal provisions of the law. If you are domiciled in West Virginia, you are not required to pay Maryland income tax on wage or salary income, regardless of the length of time you may have spent in Maryland.

Under the Servicemembers Civil Relief Act, as amended by the Military Spouses Residency Relief Act, you may be exempt from Maryland income tax on your wages if (i) your spouse is a member of the armed forces present in Maryland in compliance with military orders; (ii) you are present in Maryland solely to be with your spouse; and (iii) you maintain your domicile in another state. If you claim exemption under the SCRA enter your state of domicile (legal residence) on Line 8; enter "EXEMPT" in the box to the right on Line 8; and attach a copy of your spousal military identification card to Form MW507. **In addition, you must also complete and attach Form MW507M.**

Duties and responsibilities of employer. Retain this certificate with your records. You are required to submit a copy of this certificate and accompanying attachments to the Compliance Division, Compliance Programs Section, 301 West Preston Street, Baltimore, MD 21201, when received if:

- 1. You have any reason to believe this certificate is incorrect;
- 2. The employee claims more than 10 exemptions;
- 3. The employee claims an exemption from withholding because he/she had no tax liability for the preceding tax year, expects to incur no tax liability this year and the wages are expected to exceed \$200 a week;
- 4. The employee claims an exemption from withholding on the basis of nonresidence; or
- 5. The employee claims an exemption from withholding under the Military Spouses Residency Relief Act.

Upon receipt of any exemption certificate (Form MW507), the Compliance Division will make a determination and notify you if a change is required.

Once a certificate is revoked by the Comptroller, the employer must send any new certificate from the employee to the Comptroller for approval before implementing the new certificate.

If an employee claims exemption under 3 above, a new exemption certificate must be filed by February 15th of the following year.

Duties and responsibilities of employee. If, on any day during the calendar year, the number of withholding exemptions that the employee is entitled to claim is less than the number of exemptions claimed on the withholding exemption certificate in effect, the employee must file a new withholding exemption certificate with the employer within 10 days after the change occurs.
